MEMORANDUM FOR THE RECORD

SUBJECT: Evaluation of Unsolicited Proposals re Commonality  
of SAFE and ADISS

STATINTL

1. CIA has received two unsolicited proposals, one from [REDACTED]. Both proposals relate to suggested methods of analyzing the questions concerning commonality between the CIA-SAFE and the DIA-ADISS. We are presently reviewing these two proposals and will select one of them to proceed with the analysis of the systems and provide a report to the CIA/DIA executive level management.

2. The criteria for making a selection will include the following:

a. The expertise of personnel to be assigned to the job, both in systems analysis and project management.

b. Understanding of the problem as demonstrated in the documentation provided by the company.

c. Proposed study methodology (e.g., definition of commonality, data collection, comparison methods).

d. Time of task (how soon can they start, how long will they take).

e. Cost.

These criteria have been coordinated with DIA. ([REDACTED])
